

## ES Directory Summer 2015

(Version 1.1)

Dear all

Welcome to the Summer 2015 issue of the ES Directory. Thank you to everyone who has sent in suggestions for useful products and services. New entries this issue include:

- a home-visiting opticians service from Specsavers in Section G
- a "cooking without a cooker" cookbook in section H
- a low-odour memory foam mattress in section H
- incandescent light bulb supplier in section B
- more shielding suppliers in section A
- an earthing products company in section A
- an air purifier with no moving parts in section H.

Please keep them coming – either email [info@esdirectory.org.uk](mailto:info@esdirectory.org.uk) or send to BM Box ES-UK, London WC1N 3XX, marking the envelope ES Directory. Please include postal addresses and telephone numbers for suppliers. **Do not just send me web links!** I do not have the resources to follow these up.

Please note – we are interested in products and services that measurably reduce the amount of EMF exposure, or enable people to avoid places which have high EMF levels – no pendants or herbs please.

### **NEWS FLASH!**

A screen-free, wi-fi-free off-grid music festival took place in May 2015 in a forest in Kent. It was a sell-out. Innocent.com say they may hold more Innocent Unplugged events in future – Keep an eye on their website / newsletter / facebook page.

## **B. LIGHTING**

### ***Healthbuild Ltd***

20 John Street, Sligo, Ireland. Tel: 00 353 71 915 0095. [www.healthbuild.ie](http://www.healthbuild.ie)

Email: [healthbuild@me.com](mailto:healthbuild@me.com)

Danell low-EMF wall, ceiling, table and standard lamps. Details of Danell lamps at [www.danell.de](http://www.danell.de).

NB: If you buy table or standard lamps they come with a German plug. This will need to be replaced with a UK plug and the appliance properly earthed. If in doubt consult a qualified electrician. Alternatively you can purchase a special adapter which will earth the appliance correctly, NB Normal Continental/UK adapters WILL NOT WORK AND WILL CREATE VERY HIGH FIELDS. Try the Schuko to UK mains adapter from Maplins

### ***Lightbulbs***

Maplins Head Office, Mapline Electronics, FREEPOST MAPLIN, Brookfields Way, Manvers, Rotherham, South Yorkshire, S63 5DL. Customer Service and Technical Support: Tel: 0333 400 9500.

[www.maplin.co.uk](http://www.maplin.co.uk)

Maplins offers a comprehensive range of those incandescent bulbs that can still be sold, including 'Rough Service' bulbs, red 'fire glow' bulbs, clear glass golfball and candle bulbs, and reflectors. They also sell non-transformer halogen bulbs and non-transformer LED bulbs, if you can tolerate these.

They supply earthable brass lamp holders if you want to construct your own earthed and shielded lamps, plus converters to convert bayonet cap fittings to Edison screw fittings, and vice versa.

How exciting is that?!

These items are available from other companies. I'm featuring Maplins because of the breadth of their range and their lovely mail order catalogue.

### ***The Base Camp***

The Old Bakery, Clifton Road, Littlehampton, West Sussex, BN17 5AS. Tel: 01903 723853.

<http://www.base-camp.co.uk>

Range of paraffin lamps. Also supply odourless, sulphur-free paraffin.

### ***Abbeygate Lighting***

55-59 Cobbold Road, Felixstowe, Suffolk, IP11 7BH.

Tel. 01394 288 240

[sales@abbeygatelighting.co.uk](mailto:sales@abbeygatelighting.co.uk)

Range of incandescent bulbs

**C. ELECTRICIANS** – who have knowledge and experience of carrying out electrical rewiring for people with ES.

Tel: 01223 423800 Fax: 01223 420550 [www.coulson.co.uk](http://www.coulson.co.uk) [enquiries@coulson.co.uk](mailto:enquiries@coulson.co.uk)

### ***Russell Kerr***

Unit 20, 820a Harrow Road, London, NW10 5JU. Tel: 07956 372758 [Russell.kerr@hotmail.com](mailto:Russell.kerr@hotmail.com)

*Please mention the ES Directory when contacting suppliers*

### **Thorn Electrical Services**

Tel: 01273 241 608 / 07984 020290 [www.smartecoliving.com](http://www.smartecoliving.com) email: info@smartecoliving.co.uk  
Graham Thorn is experienced in installing shielded cabling, demand switches, radial circuitry low electrosmog lighting and changing mains supply cabling.

*Do you know a good electrician whom we could add to this list? Maybe you "tamed" one yourself, who would now be happy to carry out work for others.*

## **D. COMPUTER EQUIPMENT & TELEVISION**

### **BEMI**

Törnevalla Gamla Skola, 590 62 LINGHEM, Sweden  
Tel: 0046 (0)13-74 000. <http://www.bemi.se> [tegen@bemi.se](mailto:tegen@bemi.se)  
Shielded computer equipment.

### **Nuance**

Nuance Communications Ltd, Marlow, Wethered House, Pound Lane, Marlow, SL7 2AF  
Tel: 01628 491 600. <http://www.nuance.co.uk>  
Dragon Naturally Speaking, voice recognition software.

### **Optoacoustics Ltd.**

Optoacoustics Ltd, Moshav Mazor, 73160 Israel. Tel: 00972 3-634-4488 [www.optoacoustics.com](http://www.optoacoustics.com)  
[info@optoacoustics.com](mailto:info@optoacoustics.com)  
Contact Dr Yuvi Kahana. [yuvi@optoacoustics.com](mailto:yuvi@optoacoustics.com)

Their MEG Optical Microphone is a totally EMF- free microphone which can be used with voice-dictation software. The sound is converted directly to light and travels up a fibre-optic cable.  
The product is expensive but there is a possibility of group discounts.

### **Safelevel.com**

Technology Alternatives Corp. 1950 NE 208 Terrace, Miami, FL. 33179  
Tel: 001 800 222 3003 or 001 305 933 2026 after 2pm. [www.safelevel.com](http://www.safelevel.com)  
Shielded computers offgassed prior to sale, designed for people with ES/MCS including light-free displays.

### **Digital TV**

Many people are reporting problems with digital TVs. One way round this might be to use the smallest possible digital decoder and put it in the back of an analogue TV, or if this still causes problems, in the back of a video recorder and stay in another room whilst it is on. You can then watch videos of TV programmes on an analogue TV. Not ideal, but better than nothing.

## **E. TELEPHONES**

Digital Cordless (DECT) phones which do not emit microwaves when not in use, unlike standard DECT phones which emit microwaves constantly.

### **Siemens Gigaset range**

[www.gigaset.com](http://www.gigaset.com) . Service Hotline 020 3695 3111

***Please mention the ES Directory when contacting suppliers***

Available in the Argos Catalogue! If put wholly in ECO mode, these DECT phones are radiation-free when not in use, and transmit less when being used.

***Swissvoice***

[www.swissvoice.net](http://www.swissvoice.net)

DECT phones which do not emit microwaves when not in use.

Some people with ES have bought these low radiation phones for their neighbours as a substitute for their standard DECT phone.

***Beneficial Environments***

Airtube headsets for mobiles, DECT and wired handsets. Video advice on how to use them.

[www.beneficialenvironments.co.uk](http://www.beneficialenvironments.co.uk)

EMF Safety Superstore (details in section A) sell air tube headsets with microphones which can be used at the end of an extension cord (or several joined together) – plus a jack to connect them to any normal phone.

However, many people simply use hands-free phones. Some people have problems with the small LCD displays on some makes of phone. It is worth trying a hands-free phone without a display if you are very sensitive, eg. The BT Big Button 100 phone, and earthing it with wire from one of the metal screws on its base to the earth pin of a socket. The new BT Big Button 200 is really rubbish – try to source the 100.

NOTE: Whether or not you have broadband, make sure you have ADSL microfilters on all your telephone sockets, or the broadband signal comes up the phone line and can cause people to react when using the phone. Available from Maplins.

**F. FOOD SHOPPING**

***Sainsbury's***

Tel: 0800 328 1700 / 0330 123 1962
